FOREWORD

Your Annual Staff of 1963 presents to you, the Students of Corona Senior High School, this year's Coronal. We have chosen for its theme "Our City." We feel this theme best illustrates the pride all of us have for our city's high standards, its many traditions, and its rich historic landmarks.

The very existence of our school is dependent on this city. Corona has provided most of our student body, campus, and faculty. We, the students, hope to become intelligent and active citizens as we know the people of Corona wish us to become.

This book has captured many aspects of "Our City"—its community life, its businesses, its industries, its increasing population, and its progressive future. So as the pages of this 1963 Coronal unfold, your staff takes great pleasure in presenting—"Our City."

Your Coronal Staff 1963.

The best of Luck
to a real sweet
and quiet girl I
hope to have in one
of my CLASSES next
year. Have fun as
a Junior from a

Love YA

Linda,

You are the nicest girl I know, except of course for Lancha, Linda, I hope we always remain friends and maybe some day we come closer than that, maybe God in all his wisdom grant my wish because there is nothing in this world I would like better. Linda, I want you to have all the fun and more that I've had through my years and I hope that someday you will find a guy as sweet and nice as the one I've found. Linda, when it comes to boyfriends don't take nothing but the best, believe me you deserve this and please Linda fall for any little hoodlum because you'll get nothing but unhappiness from it, I know that for Linda, always be happy, try to always get your wish. Best wishes to you always. And may your every wish be granted, may your every desire be made yours. Remember me Linda because I love your brother.

Sincerely yours,
Chubby

Linda, (Gaya)

I'm glad that I've had the pleasure of knowing you, You lots of fun to be with. Remember all the fun we've had together, I'll never forget when they had the Senior, Junior fight! I really do hope no one was hurt. Also remember what we did for Hall-oween, when you went with Carlos and I went with Hector. I'll always remember when I told you some guy had asked me out and you turned out knowing more about him than I thought you did. Remember what we were going to do to Johnny and you couldn't go throw with it (But neither could I). Linda you're my best friends I really do like you, I hope thru the years to come we'll remain the same and let our friendship grow. You're a real sweet and cute girl with a real good personality. I hope we get to see each other during the summer. I just thought of all the fun we had when you came to school after you had failed you're Drivers test. But we knew you could do it and you did. I hope we get to have a least a couple of classes together maybe we'll get Biology (haha) funny isn't it (not really). Anyway I hope we'll be friends forever because I really like you for a friend. May you get out of life what you want because you really deserve it, because you're a real cute girl with the cutest laugh ever. Oh! I don't want to forget the girl with the dancing feet.

ALMA MATER

Let our voices loudly ringing,
Echo far and near
Songs of praise thy sons are singing
To Corona dear.

Years may dim our recollections,
Time its change may bring,
Still thy name in fond affection
Evermore we sing.

Chorus

Alma Mater old Corona
Lead us on and true
Grow old and love unfailing,
Grow old and true.

SENIOR CORONA HIGH SCHOOL

In the fall of 1962, Uwe Kei! 18-year-old senior from Germany, became CHS's first foreign exchange student. Since that time, he has learned many things about America, and we have delighted in his interest in and enthusiasm for each new experience.

But, Uwe, more than anything else, we will remember what YOU taught US. We have discovered the sameness and oneness of people throughout our world. We have faced, for the first time, the challenge of meeting and accepting someone outside our own limited society, and we have enjoyed the satisfaction of making the adjustment. Above all else, we have begun to understand the necessity and the possibility of friendship between peoples of all nations, and we sense the beginning of learning what our part in this effort can be.

Our only hope is that we have given you as much. May you take back to your homeland our sincere thanks and our best wishes for a good and happy life.

to Mr. Pauly, a well known and loved man of Corona, a long-time member of our high school administration, and an outstanding organizer of our high school activities and sports for the past 26 years, we owe much appreciation and thanks.

With another year past many wonderful experiences impressed upon our minds, a lot of patience spent, many pictures taken, and, finally, our deadlines met, we as your Coronal Staff, close the chapter to present to you your Coronal 1963. To many people I feel very grateful; first of all, to you, the student body, for giving me an experience I shall never forget, by electing me your editor; next, to the staff for all the fun we've had during those many hours in "our little room." Each of these people has contributed their own little characteristics which I would like to tell about. There was Dennis who had an amusing way of forever asking, "Is there any more art work?"; Cherie and Pam were always willing and cheerful about accepting any job; Peg and Sandie diligently organizing the ads; Marcia and Madeline who always had very definite ideas when it came to any of our big decisions or problems (although they didn't always coincide with everyone else's); Sharon who always had a good sense of humor which kept us all in harmony; Kathy who would ask everyday, "Is there anything I can do?", as she sat in the corner hoarding her 8 o'clock snacks! And then there was Marina who inevitably inquired, "Where are those calendar pages?" I would also like to extend special thanks to Rudy, our cameraman and honorary staff member, who never let us down. Last, but not least, to Mr. Pauly, whose constant encouragement and unfailing guidance we could not have managed without.

I would also like to take this opportunity to honor the memory of our two departed fellow students and friends, Rosie Hogge-Tommy Darnell. Each departed friend is a magnet that attracts us to the next world.
